School Mission and Vision

Established in 1969, Ho Lap College is a government-aided school. As the first school sponsored by Sik Sik Yuen, our school pledges to provide students with an all-round quality education and nurture talents for the community. In accordance with the philosophy of Sik Sik Yuen, our school upholds the principles and teachings of Confucianism, Buddhism and Taoism. Our school motto is 'To act benevolently and to teach benevolence'. We are committed to groom our students to be responsible citizens who contribute proactively in the international and local communities. We are also dedicated to promoting the moral, intellectual, physical, social and aesthetic development of our students which will help them become competent and well-rounded individuals.

To provide quality education for our students, we attach great importance to the professional development of teachers, work closely with parents and promote cooperation with other organizations so as to create a vibrant and enjoyable environment.

Major Concerns of School Development 2024-2027

Major Concern I : To empower students to become proactive learners

Major Concern II : To cultivate lifelong learning mindsets and habits for enhancing capacities to strive for excellence in life

Our Core Values

Harmony

I believe that a harmonious school environment nurtures empathy, patience and understanding. I am capable of maintaining **peaceful relationships** with my family, my teachers and my schoolmates.

- Love

Whole-person Education

/ Moral Development

Our School places emphasis on promoting sound moral values, an altruistic spirit, and a passionate learning attitude in our students. Different departments of our school provide a wide range of activities to enrich and guide our students towards this mission. We also incorporate National Security Education as a Key learning area in our curriculum to cultivate our students' sense of identity as Chinese nationals. Our well-qualified teachers excel in their areas of expertise and pedagogy, striving to create an ideal learning environment for students, and doing their utmost to offer a dynamic and vibrant education that equips our students for lifelong challenges.

Moral and national education is incorporated in different subjects and Class teachers' periods. Moral education curriculum of Sik Sik Yuen has been implementing for Secondary 1 students since September, 2021 to inculcate a sense of self-worth, social responsibility and cultural and civic awareness in students.

Meanwhile, our teachers instill proper attitudes, correct values and positivity into students by sharing their experiences at morning assemblies. National flag hoisting ceremonies are held so as to help cultivate students' sense of national identity.

/ Sik Sik Yuen Flag-Guard Team

The Sik Sik Yuen Flag-Guard Team consists of approximately 60 students selected from five Sik Sik Yuen secondary schools. This team was established as part of the Project Legacy Programme of the police force. The training for the team was led by a group of police officers who graduated from Ho Lap College, with Mr. Wong Chung Chun, an alumnus and the Assistant Commissioner of Police (National Security), taking the lead.

Intellectual Development

Reading is the foundation of all learning. As strong advocates of interactive and experiential learning, we offer an array of educational reading activities, enabling students to master competent technical, communication, logical and creative skills, cultivate a spirit of exploration and a love of lifelong learning in order to achieve their maximum potential.

Physical Development

To foster students' interest in sports and promote a sports culture, our school has joined the Retired Athletes Transformation Programme and organized different sports activities. Besides, new sports activities are introduced in Physical Education lessons so as to encourage students to participate in a wide variety of sports. With the enhancement of physical fitness and a healthy lifestyle, students can face different challenges ahead positively.

Social Development

School is a miniature society. We try our best to provide students with ample opportunities to learn how to treat people with respect and empathy, and build up harmonious relationships in different ways such as sending thank-you cards to teachers and schoolmates during the 'Caring Week' and preparing birthday cards for their learning buddies. Through effective classroom management, various Inter-house activities, the Peer Counsellor Scheme and other activities, students and teachers can show appreciation, love and care to each other in supportive environment.

The Dream Catcher – Creating a Positive and Supportive School Campus

To instill positive values in students, an inter-house musical competition called "The Dream Catcher" was organized. Members of the four Houses delivered outstanding musical performances for their fellow schoolmates. As part of the event, students were encouraged to write down their dreams on cards, which were then placed on the "Tree of Dreams." This activity aimed to help students set clear goals for themselves and foster mutual support in pursuing their dreams.

Aesthetic Development

To develop students' artistic talents, skills and aesthetic sensibility, our school has organized Chinese and western musical instrument classes, dance classes, drama and visual arts interest groups. We also believe that these activities can undoubtedly facilitate students' whole-person and all-round development.

English-rich learning environment

Through the implementation of language across the curriculum approach, English reading scheme and various English activities, our school has created an English-rich environment in order to maximize student' exposure to English. Posters of English sayings of wisdoms in the school campus not only enhance students' language proficiency, but also promote positive values and attitudes. Special occasions such as the 'World Teachers' Day' are celebrated with English song dedication activities so that students can have ample opportunities to use English for purposeful communication both inside and outside the classroom.

Reading Promotion-Book Tasting Activity

Fine-dining style book-tasting tables are fashioned like a restaurant to give students an immersive 'palate-whetting' experience as books transform into food for thought. Every tasting table serves a unique literary menu that include several hardcover titles and e-books, book-tasting takeaway placemats, feedback forms, and book order forms for book tasters to read and review. Through this hands-on experience, students learn how to determine what type of literature captures their interest and cultivate their passion for reading.

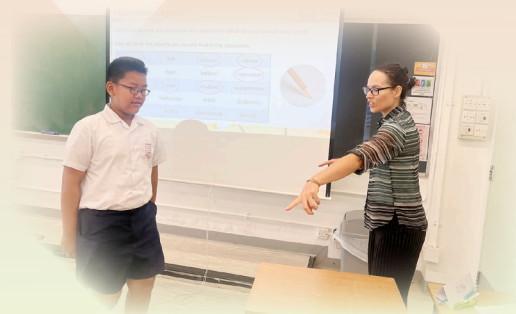

Pre-S1 Orientation Activities and Bridging Course

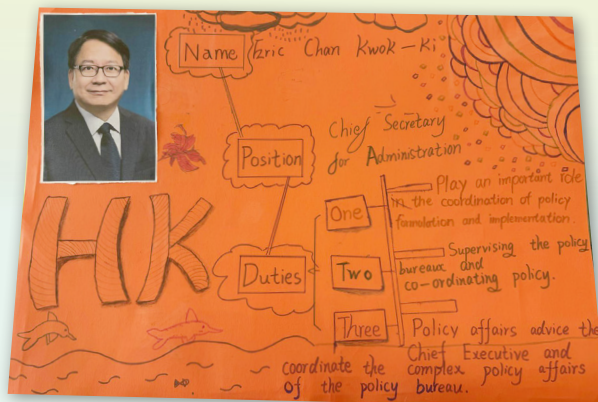

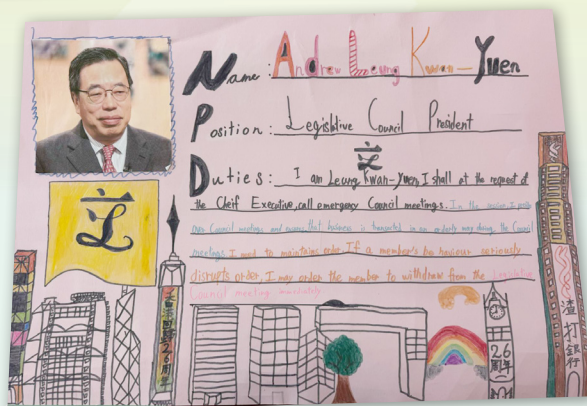

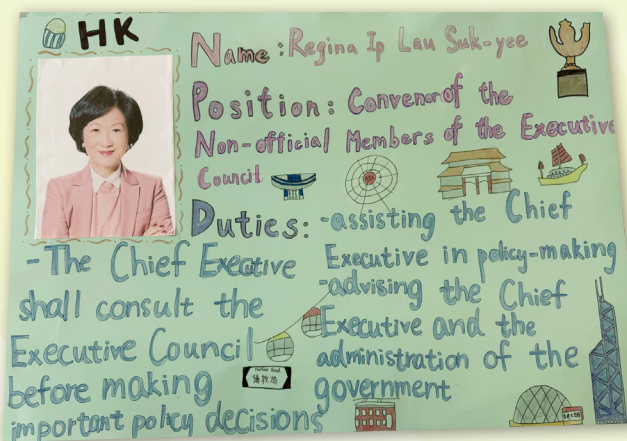

The aim of Pre-S1 Orientation Activities and Bridging Course is to provide support for the new Secondary One students to facilitate a smooth transition from primary to secondary learning. These programmes enhance parents' and students' understanding of our school, help students develop a strong bond among themselves and a sense of belonging to our school while preparing them for learning in English at the secondary school level.

Through the programmes, the new Secondary One students have the precious opportunity to get familiar with each other. By deciding on classroom rules and taking part in various inter-class competitions, students familiarize themselves with the school culture. The Pre-S1 Summer Bridging Programme

conducted by NETs (Native English Teachers) is designed to assist students in smoothly transitioning to a secondary school setting and an English learning environment. The program aims to achieve several course objectives, including familiarizing students with classroom language, enhancing their English language proficiency, building their confidence, fostering teamwork and communication skills, and inspiring an interest in various subjects such as English, Science, Geography, History, and Mathematics. Through engaging activities and interactive learning experiences, the program provides a supportive and immersive environment for students to develop the necessary skills and knowledge for a successful start to their secondary education journey in Ho Lap College.

曾婉怡 5D

穀雨下，紅朝見，香去夏來，驚寒漸降，經過雨水洗滌而煥然一新。

經過雨水洗滌而煥然一新，土地象徵着哺育的結實，迎來陽春下來的烈陽，當人們因陰鬱的天氣而倍感焦躁時，世界的第一場雨是會破曉天有潮濕的彩虹。在那之下是農民期盼的豐收，好像雨水般滋潤，灌溉着在乾涸的棉花上，叫它們開懷把夏的氣息傳到我們眼前。那時是一場屬於春夏的豪情，香在是雨前最後一絲力量，給我們下一場不會融化的大雪。

它說，夏將至。

秋分
廿四

張嘉軒 5A

思哉，秋之為氣也，蕭瑟兮草木搖落而變衰。

秋天自古以來便被視為蕭瑟悲涼的季節，而「秋分」則是把這一氣陰陽兩得其宜，真正處於秋天的正中間，在它的之前是承繼夏天繁盛的季節，是國運相繼的中秋；在它的之後便是急轉直下，氣溫驟降，晝短夜長，萬物漸衰步入蕭瑟凋零的晚秋。古人「秋後問斬」的刑度更為其添上一絲肅殺之意。

因此，秋分之際，既是文人墨客傷春悲秋之時，亦是萬物迎接凋零之際，悲喜交加，感慨萬千。

清明
廿四

黃澤庭 5C

「清明時節雨紛紛，路上行人欲斷魂。」

氣清景明，故曰清明，但清明節在陰曆中總染上了一層悲感。五花八門的祭品對兒時的我是一種奇思異想。

到底熊熊烈火會如何把紙製的豪宅興建在無垠的極樂天國？長大後，我才知道這只是世人緬懷逝者的妄想，設法在灰煙中與黑白照的先人再續前緣，亂亂的煙霧是紛擾的思念，也是先人在世上最後的依歸。

除了墓上撲刺的香燭，人只能在眼淚中尋找先人的身影，或許有人把沉重的愁思掩進了薄霧，使人視野朦朧，原來清明節只是清明夢……

立春
廿四

楊啟聰 4C

萬物復甦之時，青草與花枝的生命在無型交替。百花盛放，放眼田園，滿是色彩紛繁的鮮花與茂盛的綠葉。

潮濕的空氣盛載着溫暖，颯颯春風吹響了收成的號角，枝樹簌簌作響，喚醒了農夫心裏的期待。

漫长的靜待只為此刻的滿載而歸。

支離破碎的人啊，溫暖的春風拍拍他們的肩膀，溶化冬天佈上的雪。一次又一次的「重生」，支撐着步履蹣跚的蒼生。

雨水
廿四

葉家達 5C

「好雨知時節，」雨無細無繁，出自杜甫《春夜喜雨》，雨水無聲無息地降臨，滋潤萬物，待交龍泉，春色滿城。雨帶來春的希望，落在地上化作細絲，喚醒大地；古人愛愛雨，那究竟是何種眷戀，令人欲罷不能？

我總想雨水無聲無息，又變幻無窮，來勢洶湧，又滲透萬物，從雨點落下，匯入小溝、河川、湖土裡；隨河邊少年嬉戲歡笑，雨水化作掙扎，爭先恐後，最末：是自然的規律，不受控制地肆意生長，才是雨後的浪漫。

雨水無聲，卻自有其韻，恰好時機；它有它的故事，有它的綠意，雨中的音樂，雨後的浪漫，皆屬於春，皆屬於大自然。

The REASONS Why Youngsters are so Likely to Switch their Jobs

Individual Overexpectation for Workplace Treatment

Young people often enter the workforce with certain expectations about their salary and welfare. However, when it comes to the reality that some corporation hold low upward mobility, the unpredictability and uncertainty can motivate them to seek other compensation and benefits packages elsewhere.

Societal Tech-Driven Job Transitions

The rapid advancement of technology has created a dynamic job market, encouraging young workers to explore diverse opportunities and adapt to new roles. This leads to a decline in job loyalty as they seek to stay relevant and embrace career growth in an evolving digital landscape.

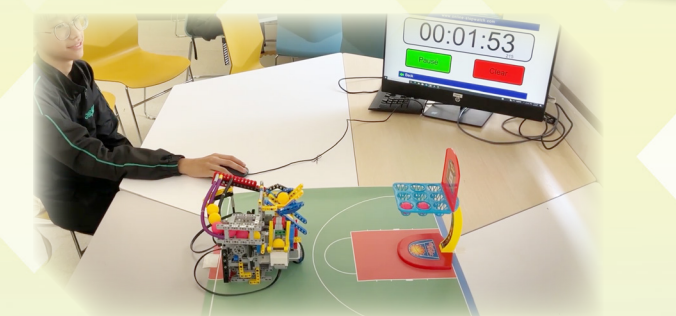

The CONSEQUENCES of Youngsters' Actions

Individual Stigma of Disloyalty and Suspicious Soundness

The records of young people changing jobs frequently will be shown on their resumes. Employers may view frequent job changes as a lack of commitment or stability, potentially making it harder to secure future positions.

Managerial Loss of Human Capital of Enterprises

When young employees leave, they take with them the knowledge and experience they have gained during their time with the workplace. This results in a loss of institutional knowledge which may impact productivity and innovation within the organization negatively.

Our Teachers

All teachers at our school hold a bachelor's degree, with 46% of them having obtained a master's degree or above. To attain professional excellence, teachers actively attend various seminars, workshops and courses and engage in lifelong learning.

In 2023, our school was honored with the Outstanding Teaching Award for Moral Education. This prestigious award is jointly organized by the Education Bureau and the Winsor Education Foundation. It recognizes our school's exceptional performance in promoting positive and civic education, as well as home-school cooperation. We are committed to implementing and promoting moral education both inside and outside the classroom, creating a caring and nurturing environment for our students.

TEACHING STAFF

Our Parents

The Parent-Teacher Association (PTA) has been holding various activities and gatherings which keep parents well informed of their children's learning progress and the school's latest development. All the activities strengthen the ties between parents and the school.

In addition, our school organizes parents' nights to enhance the communication between parents and teachers, and let parents understand more about their children's performance in school.

Our Alumni

Over the years, our Alumni Association has held numerous activities such as Annual General Meetings, reunion dinners, school anniversary banquets, ball games, field trips and barbecue gatherings. The alumni play an active role in serving and contributing to Ho Lap College. They have donated computers to needy students; assisted in arranging visits, career talks and internship opportunities for students; raised funds for the Conditioning Centre and other school functions. Apart from these, they have set up several scholarships as a commendation to current Ho Lap students for their academic performance.
