In order to maintain a high moral standard of our Managers/staff and to set a good example to our students, it is our policy that no Managers/staff in our School should solicit or accept gifts, money or any other form of advantages in the course of their duty. Although we understand that offering advantages by parents is a gesture of goodwill, the acceptance of which, however, may turn it into a common practice. This may in turn cause speculations by outsiders and bring disrepute or embarrassment to the School and its Managers/staff as well as the parents. Please refrain from offering advantages to our Managers/staff and join hands with us in managing our School in a fair and just way. Should any member of our Managers/staff approach you for an advantage, please inform the School Principal immediately.

7. Enhancing School Security Measures

Our school has optimized the closed-circuit television (CCTV) surveillance system on campus. This initiative aims to strengthen our security system and safeguard teachers and students while they are on school premises. The CCTV cameras are strategically placed in key public areas and they comply with the relevant provisions of the Personal Data (Privacy) Ordinance. We understand the concerns parents have regarding their children's safety, and this enhancement not only strengthen campus security but also create a safe learning environment for our students.

Should you have any inquiries, please do not hesitate to contact the school office.

Thank you very much for your kind attention.

Yours faithfully,

Ms. LAI Lok-ki
Principal
